IMPORTANT NOTICE FROM THE HEALTH CENTRE

Enoch Health Service will be locking our doors as of Friday March 20, 2020 for safety reasons but the essential services we provide will continue but with the utmost care and attention due to COVID-19

PHARMACY

We will be setting up prescription delivery for the ones that are self isolating so when you call please speak to the pharmacist so she can take down your name, phone number and house number. We will also have drive up call in and someone will run your prescription out to your vehicle for regular ongoing prescriptions. If you are receiving a new prescription and a consultation is required, we will have the pharmacist come to the door for a one on one consultation.

DOCTOR

If you need to see a Doctor you will have to call reception and leave your name and phone number Dr. Leung will be calling clients on Monday March 23, 2020 and Wednesday March 25, 2020 If he needs to see you for a specific reason and you are not able to access a form of live media we will make arrangements for you so that there is face to face consultation.

SELF ISOLATION

We are also currently taking names and information of all our community members that are SELF ISOLATING If you could call the Health Centre to add you name to the list so that we can share some information with RCMP if emergency service are needed, Food Bank if delivery of food is required, Pharmacy for medication drop off and Homecare for services related to your condition. This is so we can respect your personal space and avoid any unnecessary contact or risk of exposure.

IMMUNIZATION AND PRE-NATAL CARE

We will be booking immunizations at the Health Centre March 24 - 27 we are making every accommodation if your child is due for their needles to protect you and your child when you enter the building. Please call the Health Centre to book an appointment @ 780-470-5440.

If you are requiring any prenatal education/ information and would like the community health nurse to call you or are looking for the prenatal coupon please call ahead to let the community health nurse know that you will be coming to the Centre so that we can put safety measures in place for everyone's protection.
